

A young child wearing blue swimming goggles is captured mid-splash in a wooden garden pool. The child's arms are raised, and a large splash of water is in the foreground. The pool is made of light-colored wood and sits on a bed of small stones. A semi-transparent pink rectangle is overlaid on the left side of the image, containing the text 'Perfect for any garden'.

Perfect for
any garden

ABOVE-GROUND ONLY

Perfect for any garden

ABOVE-GROUND ONLY

Cleverly designed, the little Tropic Junior above-ground pool is practical, solid, beautiful and made in France. With its small foot-print, just 2 m x 2 m , Tropic Junior is the perfect size for young children. Tropic Junior, fun for the whole family.

Tropic Junior pools are packed in 2 packages:

- » A box containing the cartridge filter, the 0.50 mm liner, the hardware
- » A pallet holding the wooden elements.
